

Dr. Mahmoud Rawajba BIO

Dr. Mahmoud Rawajba is a globally recognized inventor, innovator, and consultant with over 20 years of experience in digital transformation, corporate innovation, and future foresight

He holds multiple international certifications from Stanford, MIT, IFTF, and other leading institutions, and his intellectual properties are taught in universities and applied in government entities across the GCC and beyond.

Dr. Rawajba has been honored by His Highness Sheikh Mohammed bin Rashid Al Maktoum, received the UAE Golden Visa as a first-cohort creative talent, and won the British Innovation Award twice. He designed innovation ecosystems for digital government authorities, created the world's first smart application for future skills assessment, and developed future scenarios for smart cities and national youth strategies.

As a thought leader and practitioner, he combines deep strategic insight with hands-on implementation — turning future possibilities into real, measurable impact.
