

UNICITY Chi-Oka Matcha

Obtaining essential greens and plant-based nutrients is vital for our well-being. These foods offer crucial vitamins, minerals, and potent antioxidants that combat oxidative stress caused by environmental pollutants and metabolic processes. However, many commercial products are laden with added sugars and low-quality ingredients, compromising their health benefits.

Introducing Unicity Chi-Oka Matcha.

Elevate your daily ritual with Unicity Chi-Oka Matcha, a fusion of ancient tradition and modern wellness. For centuries, matcha has been revered for its ability to instill tranquility and vitality, making it a cornerstone of traditional tea ceremonies. Our matcha undergoes a meticulous shade-grown process to enhance its natural potency, including higher levels of chlorophyll and catechins, powerful antioxidants that surpass those found in other green teas.

Unlike many mass-market options that compromise quality with added sugars and unwanted ingredients, our matcha blend harnesses the best nature has to offer. Free of added sugars and infused with a natural green apple flavor, Chi-Oka Matcha delivers a harmonious balance of taste and nutrition.

Chi-Oka Matcha goes even further by combining potent plant-sourced ingredients like pomegranate extract, grape-seed extract, and blueberry powder, which are loaded with antioxidants, to provide our bodies with greater support. With caffeine for energy, L-theanine for focus, and a unique blend of L-carnitine and B vitamins, you can count on Chi-Oka Matcha for sustained cellular energy.

Unicity Chi-Oka Matcha: give new life to your day.

Benefits

Supports physical and mental performance

Promotes relaxation and focus

Supplies your mind and body with a boost of energy

Helps you stay energized without the sugar crash or caffeine jitters

Provides important plant compounds with antioxidant-like properties

Features

- Incorporates chi-oka matcha, a high-quality matcha green tea
- Contains L-carnitine and L-theanine to support metabolic processes and combat caffeine jitters
- Provides energy-supporting B vitamins
- No added sugar for a guilt-free power-up. Naturally sweetened with stevia
- Convenient single-serving sachets for on-the-go energy

Use

Mix one Chi-Oka Matcha packet with 8-10 oz. (240-300 mL) of water.

Drink Chi-Oka Matcha before exercising, during occasional periods of stress and strain, or anytime you need that extra boost of energy.

Ideal for

- Anyone who needs a mental and physical energy boost
- Individuals looking for a high-energy, no-sugar drink
- Those who are concerned about the jittery effects of coffee and other caffeinated drinks
- Individuals looking for high-quality, no sugar matcha
- Those looking for an easy and delicious way to add greens to their diet

Ingredients

Chi-Oka Energy Blend: Our proprietary, vibrant, plant-powered blend features naturally occurring caffeine from matcha and an additional boost from guarana. This powerful combination will leave you feeling ready to tackle your day with new energy. Matcha leaves naturally contain high amounts of chlorophyll and epigallocatechin gallate (EGCG). Both of these are important plant compounds with amazing antioxidant potential.

Amino Acid Booster: While the matcha plant already contributes some L-theanine, we've added a bit more so you can really harness the benefits.

L-theanine optimizes the energy boost from matcha by promoting calm and focus and preventing caffeine jitters, while L-carnitine contributes to metabolic function by supporting mitochondrial function. This is done by transporting fatty acids to the mitochondria for energy production.

Superfood Blend: Blueberries, grapes, and pomegranates are all considered superfoods, and for good reason. These amazing fruits each contain unique plant compounds that have potent antioxidant-like properties.

Our blend of extracts supercharges the antioxidant potential of Chi-Oka Matcha for an added refresh and recharge.

B Vitamin Complex: B vitamins are essential vitamins that play an important role in the conversion of food into energy.

Try this

Blend into protein smoothies for an energy-boosting beverage

Mix with any of our Unimate flavors for a 1-2 punch of energy

Mix with Oasis for a hydrating refresh

Add Bone Fortify for an apple berry twist

For an extra chlorophyll boost, add a scoop of Super Green +

Chi-Oka Matcha FAQs

Who should take Chi-Oka Matcha?

Chi-Oka Matcha is recommended for healthy adults. It is not suitable for pregnant or nursing women, children, or people sensitive to caffeine.

How much caffeine is in Chi-Oka Matcha?

The product has been tested for an upper limit of caffeine and it has about as much caffeine as a cup of premium coffee.

However, since natural ingredients can have some variation, the caffeine amount is not standardized.

Is Chi-Oka Matcha different from the previous matcha product, Matcha Energy? How do these formula changes affect the taste, texture, color, etc.?

Chi-Oka Matcha takes your love of matcha to new heights! Chi-Oka Matcha contains more of what you love (natural flavor, fiber, and antioxidants) and less of what you don't (sugar, artificial sweeteners, and artificial flavors).

This refreshing new blend features a delicious green apple flavor that highlights and complements our proprietary matcha blend, while maintaining all the benefits you know and love from matcha.

These upgrades also result in a more vibrant green color.

Will Chi-Oka Matcha break my fast?

No! Although we recommend Unimate as the ideal support during your fasting window due to its help with GLP-1 production, Chi-Oka Matcha is also an option for an energy boost during your fast. In general, 25 calories or less in a three-hour window will not break your fast, so taking Chi-Oka Matcha is a great option to prevent snacking!
