

# 12 Days of Craftmas

DAY  
10

## Meet Shelly Kim

[@lettersbysHELLS](https://www.instagram.com/lettersbysHELLS)

Shelly's lettering art adds a festive touch to every word, turning phrases into holiday masterpieces! She's a self-taught wonder spreading seasonal cheer from sunny Los Angeles, showing how simple strokes can light up any winter night.

### Festive Mirror Frame

Add a festive flair to your home with this customizable frame featuring layered borders, vibrant colors, and optional holiday doodles! This project is perfect for creating a unique seasonal decoration or a thoughtful DIY gift. Personalize it with your favorite colors and details to match your holiday style.

 **Watch Shelly make the frame come to life on [Instagram!](https://www.instagram.com/lettersbysHELLS)**

1

After cutting the mirror frame border (2 different sizes that will be layered), paint each frame. Shelly used BEHR paints here using a flat wash brush!

2

Once the paint has dried, start layering the mirror frame borders. A hot glue gun is a great choice here!

3

(optional) Shelly included some Holiday doodles in her design. Feel free to cut them out and paint them or use paint markers.

4

Attach the Holiday doodles to the frame and glue the completed frame onto the mirror. She used hot glue to attach the doodles and frame to the mirror.

# 12 Days of Craftmas

## Crafting Cozy with Shelly: Rom-coms, Boba, and Dopamine Decor

### Crafting Setup

With art supplies laid out and a romcom on screen, Shelly creates in a happy, relaxed space. Her dog, Max, is always nearby for extra coziness.

### Entertainment

Rom-coms are her favorite watch, but her go-to crafting soundtrack? The Lizzie McGuire Movie. Talk about a throwback vibe!

### Craft Fuel

Shelly keeps coffee, water, and sparkling water close at hand, but her dream craft night would feature a charcuterie board, Swedish candy, and a boba station for ultimate treats.

### Dream Projects

Next on her list? Painting a mural with 3D elements. She's excited to dive into this creative vision next year!

### Cozy Scent & Decor

Her "dopamine decor" keeps her space bright and happy, sparking joy as she creates. Holiday tunes start in November and play through January to keep the festive spirit going!

### Crafting Quirk

Shelly loves to sketch her ideas in her favorite journal, letting inspiration flow as she cuddles up with Max for an extra dose of warmth and cheer.
