Professional Development Classes

- Business Etiquette: Effective Email
- Business Etiquette: Fantastic Phone Communication
- Business Etiquette: Making Meetings Matter
- Business Etiquette: You Are the Brand
- Charting the Course: Setting Clear Goals and Expectations
- DISC and Conflict Resolution at Work
- DISC and Leadership at Work
- DISC and Levels of Listening
- DISC and Relationships at Work
- DISC and Team at Work
- Effective Communication at Work
- Elevating Our Work: Becoming a High Performing Team
- Emotional Intelligence 1.0: Building Awareness and Owning Our Response
- Emotional Intelligence 2.0: It's About Relationships
- Favoring Feedback: Embracing Conversations to Move Us Forward
- Finding Strong Solutions: Problem Solving and Critical Thinking
- Fostering Engagement in Generations and the Workplace
- From Inspiration to Action: Motivation and Accountability
- Servant Leadership
- Tackling Tough Talks: Navigating Difficult Conversations for Productive Outcomes
- The Power of We: Shaping Success Through Teamwork and Collaboration
- Time Management and Prioritization for Successful Days

Technical Training Classes for Maintenance Professionals

- 6S: Understanding and Applying for a High-Performance Workplace
- Advanced Lathe CNC Programming
- Advanced Mill CNC Programming
- Arc Flash Safety
- Basic Lathe CNC Programming
- Basic Mill CNC Programming
- Bearings & Power Transmission
- Electrical Equipment Troubleshooting
- Fall Protection - Competent Person
- Hydraulic Symbols
- Industrial Hydraulics
- Industrial Lubrication Fundamentals
- Infrared Thermography
- Logic Concepts, Industrial Controls & PLCs
- Mathematics for Industrial Maintenance
- Pneumatics
- Process Pumps
- Reliability-Centered Maintenance

Microsoft Office Classes

- Excel Fundamentals
- Excel Intermediate
- Excel Advanced
- Excel Pivot Tables
- OneDrive/Teams Sharing Files
- OneNote
- Outlook Essentials
- PowerPoint Basics
- PowerPoint Advanced
- Word Fundamentals
- Word Intermediate
- Word Advanced
