

# MOTION'S PREDICTIVE MAINTENANCE TEAM

EXPERIENCED PROFESSIONALS LEVERAGING THE MOST COMPREHENSIVE SOLUTIONS ON THE MARKET.

*IT'S ALMOST UNFAIR*

Motion has invested in the most important area of predictive maintenance (PdM) – our team of subject matter experts. Together with our technology partners, we are proud to deliver best-in-class predictive maintenance results for clients.

## MOTION P<sup>2</sup>MRO TEAM HIGHLIGHTS

- More than 75+ years cumulative experience with PdM
- Proven experience in 12+ industries
- Partnered with 17+ strategic vendors that deliver comprehensive monitoring
- Proven success with quick (and large) ROI for our clients' PdM monitoring investments
- Comprehensive expertise with vibration, thermography, lubrication, ultrasound, and root cause analysis

## SENSOR IMPLEMENTATION TEAM

- Formally trained regarding all Motion's vendors' sensor technologies
- Wireless connectivity networking expertise
- OSHA 10hr certifications
- Proven experience with correct sensor orientation and installation

## PROJECT MANAGEMENT

- Pre-installation survey and post-installation audits customized to client expectations
- Reports cost savings KPI's to both clients and Motion
- Optimizing asset inventory by linking PdM insights to the MRO supply chain

## APPLICATION SPECIALISTS

- Certified Maintenance and Reliability Professional (CMRP) credentialed
- Experts in assisting clients regarding best PdM solutions for specific needs
- Direct interaction with Motion's many solution technologies partners
- Experts with wireless sensor applications engineered for individual results for clients

## ANALYSIS EXPERTISE

- Certified Maintenance and Reliability Professional (CMRP) credentialed
- ISO Category III, vibration analyst certifications
- Expertise with vibration, thermography, motor current evaluations and modal analysis
