SUPPORTING OPTIMAL METABOLIC HEALTH

About Unicity

As part of our mission to Make Life Better for individuals all around the globe, Unicity develops innovative nutritional products that make healthy living doable so people everywhere can enjoy a beautiful, healthy, fulfilling life.

Pillars of science

We are committed to combating the metabolic health crisis and developing products that are obsessively backed by science, developed with integrity, and produced with the highest quality and manufacturing standards.

Scientifically designed

Science is at the core of everything we do. Unicity's research and development team is constantly in pursuit of the better—working to discover new compounds, innovative ingredients, and to develop products that will improve human health. Unicity has recruited top scientists from around the world to be the driving force of our elite science team. Each scientist brings unique expertise and experience to Unicity and supports our ever-growing research and development initiatives.

Rigorously tested

From raw materials to finished goods, quality is built into our products. We work hard to build solid relationships with our ingredient suppliers and enact strict quality control measures to be sure we can stand behind our products, as well as provide a consistent product experience. We test our products on many levels to ensure we meet our high standards and provide a consistent and quality product. With NSF, cGMP, TGA, Kosher, Halal, and ISO-9001 certifications, we're not the only ones who think we're doing it right.

Masterfully produced

Many consumer-goods brands focus on developing a brand, and then outsource the bulk of their business to contractors. Unicity does things differently. We believe in overseeing everything from start to finish. That's why we've invested hundreds of millions of dollars in our product development capabilities, from facilities and equipment to testing methods to highly qualified personnel.

UNICITY

Feel Great Unimate+

Two products + one practice
= measureable results

There's a difference between simply getting through the day and truly feeling great. The Feel Great System is Unicity's simplified, science-backed approach to better metabolic health. It combines Unimate and Balance—two clinically supported supplements—with the sustainable practice of intermittent fasting.

Rather than relying on extreme diets or willpower alone, the Feel Great System helps you work with your body's natural rhythms. It supports stable blood sugar, better energy, improved focus, and fewer cravings—so you can build habits that last.

Whether your goal is to manage your weight, take control of your energy, or just feel like your best self again, **the Feel Great System provides a simple foundation to get started—and stick with it.**

Unimate®

A high-quality yerba mate extract that boosts focus and energy, and supports healthy blood sugar—perfect for starting your day and controlling your appetite.

This highly concentrated yerba mate drink contains a unique blend of plant compounds known to:

- Improve mood
- Boost energy
- Heighten mental clarity
- Suppress appetite

Balance®

A diverse blend of soluble fibers taken with meals to help control blood sugar spikes, maintains fullness, and support healthy digestion.

This proprietary blend of fibers, nutrients, and plant compounds are specifically designed to:

- Coat your meal in a matrix of fibers to moderate your blood sugar response
- Slow carbohydrate absorption so you stay full longer
- Promote proper digestion and cholesterol absorption
- Provide 13 essential vitamins and minerals

Feel Great Unimate+

Intermittent fasting

Intermittent fasting is an eating style where you limit your meals to an 8-hour window each day, such as between 11 a.m. and 7 p.m. Studies show that intermittent fasting can improve insulin sensitivity, support blood sugar control, and promote a healthy weight. However, despite its benefits, many people find it difficult to stick with it long term. That's where Unimate and Balance come in. These products are designed to work synergistically to support your metabolism, energy, and satiety, making it easier to go longer without eating and easing the transition into a fasting routine. If fasting feels overwhelming at first, the best place to start is simply by using the products consistently—your body will naturally signal when it's ready to extend the fasting window.

Benefits

- Supports healthy blood sugar
- Helps curb appetite and reduce cravings
- Supports cognitive function and mental clarity
- Encourages time-based eating and intermittent fasting
- Promotes sustained energy and improved mood
- Aids in healthy weight management
- Promotes better overall well-being

sustainable lifestyle

Convenient
single-serving
stick packs

UNICITY

Feel Great Unimate+

Use

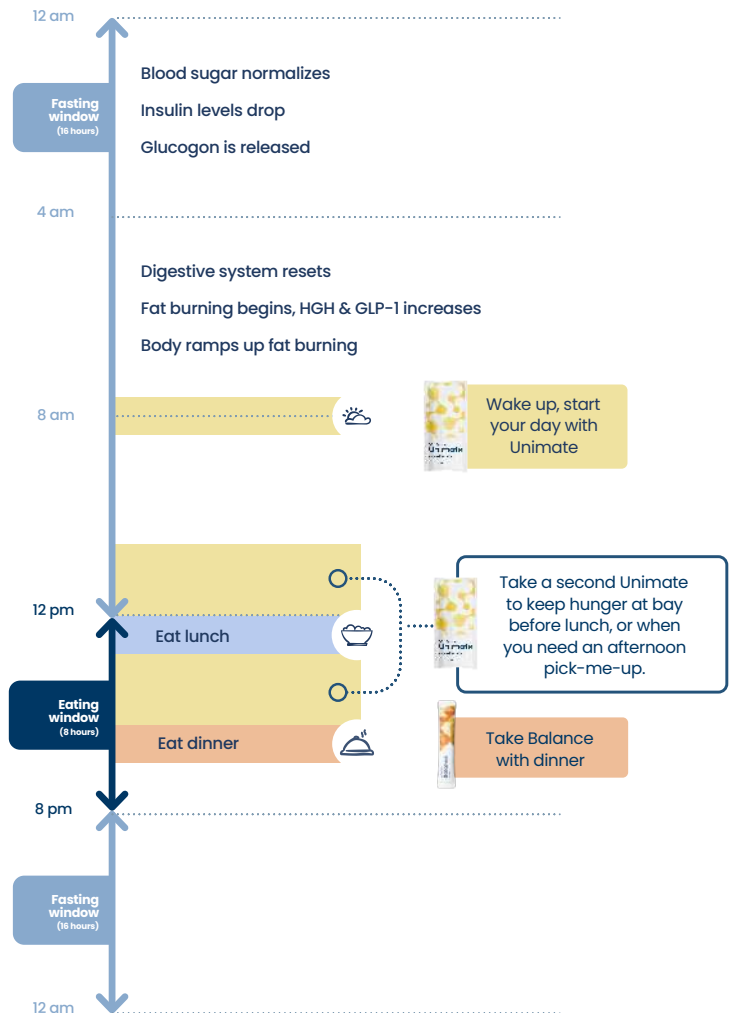

Use the Feel Great System daily for best results:

- Morning: Mix one stick of Unimate with 17–24 oz (500–700 mL) of hot or cold water and drink on an empty stomach to support satiety and extend your fast.
- Take second Unimate before or after lunch.
- With meals: Mix one stick of Balance with 8–10 oz (240–300 mL) of water and drink immediately with your main meals. Balance helps reduce carbohydrate absorption, support blood sugar and cholesterol levels, and increase satiety.

This rhythm promotes an eating window (commonly 12–8 p.m.) that simplifies intermittent fasting and helps reset your metabolic health.

Ideal for

- Anyone looking to simplify intermittent fasting
- Individuals wanting better blood sugar control and energy
- Those working toward healthy weight management
- People looking to curb cravings and snacking habits
- Busy professionals, parents, and students who want to feel great daily

Feel Great Unimate+

Feel Great Science

Feel Great isn't just another wellness trend—it's built on **real science** and clinical evidence.

Unicity's products have been featured in published peer-reviewed studies, clinical trials, and independent research. In one of several clinical studies on the Feel Great System, participants saw a 12% drop in glycemic variability—the daily blood-sugar swings that signal and worsen insulin resistance—showing how Feel Great helps quiet the very instability that drives metabolic problems (Figure 1).

In another study, individuals using the Feel Great System experienced significant improvements in weight, waist circumference, cholesterol, triglycerides, and blood sugar—all key clinical indicators of metabolic health (Figure 2).

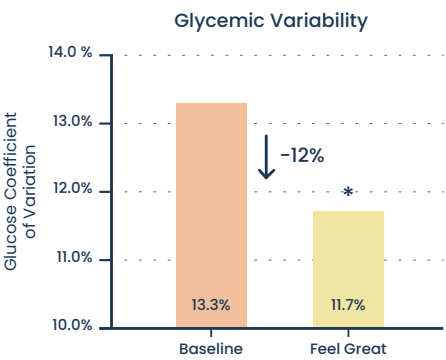

Figure 1
Feel Great, a dietary supplement and intermittent fasting program, improves glycemic variability in adults.

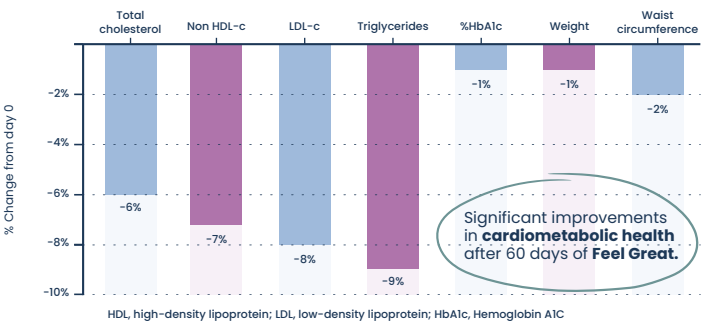

Figure 2
The "Feel Great" program improves cardiometabolic health outcomes in adults.

Feel Great Unimate+

FAQs

What is Feel Great?

The Feel Great system is a simple two-step metabolic health routine designed to support weight management, energy, appetite control, and intermittent fasting. It includes Unimate in the morning for mental clarity and energy, and Balance before meals to curb appetite, support blood sugar balance, and reduce carbohydrate absorption.

Can I use Unimate and Balance together?

Yes. They are designed to be used in tandem. Unimate helps you extend your fast, stay energized, and feel mentally sharp. Balance prepares your body to handle meals more effectively by reducing the impact of carbohydrates and curbing appetite.

Will this program break my fast?

Unimate does not break a fast and is ideal during fasting periods. Balance is taken before meals and is designed to work synergistically with intermittent fasting patterns.

Is the Feel Great system safe for everyone?

The system is intended for healthy adults. If you're pregnant, nursing, on medication, or have a medical condition, consult with your healthcare provider before use. Unimate contains natural caffeine and is not recommended for children or caffeine-sensitive individuals.

Can I take Balance if I've already eaten?

For best results, Balance should be taken before meals. However, if you forget, it's still beneficial to take it after eating to support digestion and cholesterol management.

Will I feel different when starting this program?

It's common to experience increased energy, improved focus, and reduced cravings. When adding Balance, some people may notice mild bloating or gas at first — a normal response to increased fiber intake. These symptoms typically subside within a few weeks.

How much caffeine is in Unimate?

Each serving contains roughly the same amount of caffeine as a cup of premium coffee. However, theobromine and chlorogenic acids help smooth the energy curve and promote a calm, focused mood.

Is the Feel Great system suitable for keto or low-carb diets?

Yes. Unimate helps support ketone production and mental clarity, while Balance assists with stabilizing blood sugar and reducing carb absorption — making both ideal for low-carb lifestyles.

What if I miss a dose?

Just resume the next scheduled use. With Balance, it's better late than never, and with Unimate, you can use it whenever you need a boost in focus or to help manage cravings. Please note that Unimate contains naturally occurring caffeine, which may not be suitable for evening use if you're sensitive to caffeine.

UNICITY Unimate Lemon

Unimate Lemon

Your all-time favourite is here with a zesty twist. Unimate Lemon is packed with the same energizing and performance-elevating benefits as Unimate, but in crisp, refreshing lemon flavour.

Suitable as a cold refreshment for hot afternoons or a warm pick-me-up at home or the office, enjoy Unimate Lemon any time of the day for lasting, sustained energy.

Unimate Lemon contains chlorogenic acids and antioxidants beneficial to your health, and acts as a natural source of caffeine and theobromine, with 10 times the amount of bioactive compounds and beneficial minerals as regular yerba mate.

Containing natural ingredients and no preservatives, get an extra refreshing boost in energy, mood and health with Unimate Lemon.

SUPPLEMENT FACTS

Serving Size 1 Packet (6.1g)
Serving Per Container 30

UniMate	3g
<i>Ilex Paraguariensis</i> (Yerba/Green Mate Leaf Powder Extract)	

Other ingredients: Erythritol, Citric Acid, Sodium Gluconate, Natural Flavors, Rebaudioside A (Stevia Leaf Extract), Sucralose.

FEATURES & BENEFITS

- Refreshing lemon flavour suitable for both hot and cold consumption.
- Naturally-occurring levels of theobromine, caffeine and mate saponins help in enhancing sport performance and stamina.
- Helps support cognitive function, mental focus and productivity without negative effects such as crashing or sugar spikes.

CONTENTS

30 packets x 6.1 g Per Box.

RECOMMENDED USE

Mix the entire contents of 1 packet (6.1 g) with 500–700 mL of hot or cold water. Drink once a day or as directed by pharmacist or doctor, before or after meal.

UNICITY Unimate

Lemon Ginger

There are some days when you feel like you're on top of the world—it's those kinds of days where you accomplish more, and you do it with style. Other days, your brain feels foggy, and you can't focus. So what makes the difference? How can you make every day a great day?

Unimate helps make great days the rule, not the exception.

Yerba mate comes from a plant native to South America, where it has been consumed in community rituals for hundreds of years. Naturally rich in antioxidants and nutrients, yerba mate has been traditionally used to promote mental clarity, endurance, appetite control, and an improved mood. The yerba mate leaves in Unicity Unimate undergo a unique five-step process—handpicking, fire roasting, extracting, concentrating, and purifying. As a result, Unimate is a proprietary extract that enhances the benefits of yerba mate and contains up to 10 times the amount of chlorogenic acids (feel-good elements) found in a typical cup of coffee. No matter what daily tasks await, Unimate will support your cognitive function and endurance and help you feel great.

Choose Unimate, and choose to feel great.

Features

- High-quality, purified, ultra-concentrated yerba mate
- Rich source of
 - Chlorogenic acids
 - Theobromine
 - Mate saponins
 - Antioxidants
- Convenient single-serving sachets
- Sugar free

Benefits

Supports feelings of well-being and relaxation*

Supports healthy cognitive processes*

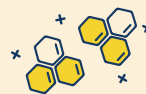

Helps maintain endurance and stamina*

Promotes satiety*

Supports weight management efforts*

Promotes the body's ketone production*

Use

- Mix one packet with 17–24 oz. (500–700 mL) of water (add more or less to taste).
- Use once daily or as desired.
- Drink with hot or cold water, or try our customers' favorite recipes.

Ideal for

Entrepreneurs, Business People, Super Moms, and Super Dads

Unimate provides just the right amount of support to nail that afternoon presentation, finish all the household tasks, or help the kids with the project they just conveniently remembered was due tomorrow.

Athletes

Whether working out or enjoying your favorite sporting activity, Unimate helps you tackle it all. The convenient on-the-go packets make it easy to take Unimate with you for those longer excursions.

College Students

Unimate promotes focus and concentration, and it helps you find the motivation to create successful habits and sustain a busy social life.

Try this

Prepare your Unimate hot, and stir with a cinnamon stick.

Try adding a tablespoon of coconut oil to your Unimate.

Try Unimate Lemon with ice for a cool, delicious recharge.

Looking for an extra boost? A Bios Life E + Unimate combination should do the trick.

When to use

- Before working out
- In the morning to start your day with a boost of energy
- Between meals
- Before an important meeting, test, or presentation
- Whenever you want to combat brain fog or mental fatigue

Ingredients

Green yerba mate leaf - Yerba mate comes from the leaves of the holly plant native to the central regions of South America. Yerba mate has been used by indigenous people for centuries. Yerba mate is a natural source of caffeine, and it contains polyphenols, which have high antioxidant properties.

Yerba mate contains naturally occurring

- **Chlorogenic acids** - Chlorogenic acids are polyphenol compounds found in plants and seeds, such as yerba mate, green coffee beans, and tea. Chlorogenic acids have significant biological effects on the body, including supporting healthy brain function and promoting an improved mood.
- **Mate saponins** - Mate saponins are a class of molecules that are specific to the yerba mate plant. Mate saponins support metabolic flexibility.
- **Theobromine** - Theobromine is a molecule that contains a structure similar to caffeine. It is perhaps best known as the mood-boosting molecule found in high-quality chocolate. Theobromine promotes feelings of calm, improves focus, and reduces mental fatigue.

The science behind Unimate

Unimate is uniquely powerful thanks to Unicity's original five-step process: handpicking, fire roasting, active biological molecule extraction, yerba mate concentration, and purification. The result is a yerba mate beverage that contains about 10 times the amount of chlorogenic acid found in a typical cup of coffee. And because we concentrate this important compound from the yerba mate plant extract, Unimate contains an average of 20 times more chlorogenic acid than other commercially available yerba mate drinks, too.

Unimate

FAQs

How much caffeine is in one serving of Unimate?

The product has been tested for an upper caffeine limit, and it has about as much caffeine as one cup of premium coffee. However, since natural ingredients can have some variation, the caffeine amount is not standardized.

Can I take Unimate with Unicity Matcha?

Yes, you can use both products at the same time. Both products contain caffeine, so caffeine-sensitive individuals would be well advised to not drink the beverages together or before bed.

Is this product compatible with ketogenic or other low-carb diets?

Unimate is ideal for keto or other low-carb diets because it helps make the body more efficient at producing ketones, the body's quick energy source from fat. Unimate prevents that tired, empty, listless feeling that comes from not having enough to eat because it helps the body use stored fat for energy.

How is this product different from Bios Life E?

The two products differ in the types of energy they provide: Unicity Matcha supports physical energy, and Unimate supports mental energy. Matcha increases the amount of energy (ATP) produced, resulting in more cellular energy. Unimate promotes an improved mood, a sense of well-being, and it promotes the feeling that you can accomplish anything. Additionally, since Unimate also enhances ketone production, ketones can provide energy as well.

What are mate saponins?

Mate saponins are a class of saponin molecules that are specific to the yerba mate plant. Mate saponins have been shown to have significant biological effects, particularly in the realm of weight loss and fat burning.

Why can't pregnant or nursing women use this product?

Can kids use Unimate?

Unicity does not test products on children, pregnant women, or nursing women. Therefore, Unicity cannot recommend usage for these demographics. It is also good to note that Unimate does contain natural caffeine, and many sources indicate that caffeine may not be good for pregnant women or young children.

What are chlorogenic acids?

Chlorogenic acids are a family of polyphenol compounds found in plants and seeds, such as yerba mate, green coffee beans, and tea. They have important biological effects, including supporting healthy blood pressure, supporting healthy brain function, and promoting an improved mood. Unimate contains up to 375 times more chlorogenic acids than standard yerba mate drinks.

What is theobromine?

Theobromine is a molecule that is similar in structure to caffeine. It is perhaps best known as the mood-boosting molecule found in high-quality chocolate. Theobromine promotes feelings of calm, improves focus, and reduces mental fatigue. Unimate has three times more theobromine than high-quality dark chocolate.

CONVENIENT NUTRIENT-PACKED ENERGY BOOST

Quick and easy to prepare, Bios Life E is a low-calorie energy drink aimed to provide a smooth and sustained energy boost for better performance and mental focus all day long. Unicity's propriety blend of Chi-Oka matcha green tea, B-vitamins and antioxidants makes Bios Life E a smart choice for anyone with a busy lifestyle.

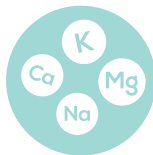

Directions For Use

Mix contents of 1 packet with 250–300ml of water.

How Does BIOS LIFE E Benefit You

Contains potent antioxidants which help protect cells from free radicals

Helps in maintaining electrolyte balance

L-Theanine from green tea helps in increasing mental focus

UNICITY Cleanse 30

Unicity Cleanse is a 30-day system that helps to first cleanse the digestive system and then nourish a healthy microbiome. It helps the body clear the digestive tract, supports the replacement of good bacteria, and then nourishes the good bacteria with prebiotic ingredients—allowing a healthy microbiome to flourish.

Paraway Plus

Unicity Paraway Plus is comprehensive gastrointestinal support designed to bring your microbiome into balance, aid the body in the cleansing of unwanted materials, and help protect the digestive tract. Paraway Plus' exclusive herbal blend aids in supporting a healthy, balanced gut biome.

LiFiber

LiFiber is a high-quality psyllium husk product that contains dietary fiber and a proprietary herbal blend that promotes gastrointestinal health. The herbal blend gently nourishes the digestive system, helping it maintain proper function over time and promote regularity. LiFiber also provides a plant-based source of fiber that most people lack in their diets, which helps move waste through the digestive tract and helps support an overall healthy microbiome.

Aloe Vera

Unicity Aloe Vera provides a natural way to gently cleanse your intestines to promote a normal, healthy digestive system. It helps give your body the deep cleanse it needs to support digestive regularity and eliminate waste.

RECOMMENDED USE

Paraway Plus: 1-10th Day: 2 Capsules, 11-30th Day: 5 capsules 💊

LiFiber: 1 scoop, take anytime 🥄

Aloe Vera: take 1 to 2 capsules per day 💊

Benefits

Gently nourishes and cleanses the digestive system

Aids the body in eliminating toxins and waste

Helps promote digestive regularity

Supports a healthy microbiome

Increases satiety to curb appetite

Promotes overall digestive health

UNICITY Aloe Vera

Aloe Vera

With great healing, antimicrobial, and laxative qualities, Aloe Vera helps cleanse the colon and intestines.

Aloe Vera is a great way to look after your digestive system. It's a good source of vitamins and minerals that also helps to sustain gastrointestinal health. Aloe Vera helps to gently cleanse your insides so that you can feel and be your best. With Aloe Vera, you can be sure you're treating yourself well.

SUPPLEMENT FACTS

FEATURES & BENEFITS

- Helps the body cleanse itself.
- Provides essential vitamins and minerals.
- Cleanse and soothe to ensure a healthy digestive system.
- Helps in relieving occasional constipation.

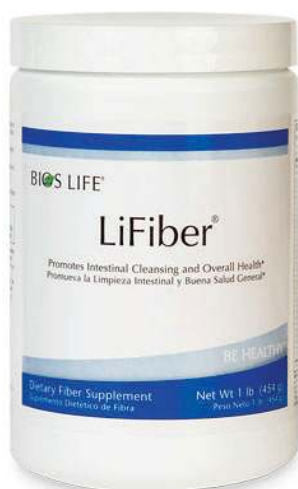

RECOMMENDED USE

Take 1 capsule daily with water.

CONTENTS

50 capsules Per Bottle.

UNICITY LiFiber

LiFiber

Take a natural and gentle approach in cleansing your digestive system, promoting regularity and colon function for overall health and vitality.

Unicity's unique blend of herbs such as senna, peppermint, chamomile and honeysuckle helps in cleansing and soothing the digestive tract, while protecting from pathogens and in lammation.

ACTIVE INGREDIENTS

Serving Size: 1 scoop (10g)

Servings Per Container: About 45

Proprietary Blend

5.95 mg

(Psyllium Husk, Stevia Extract, Citrus Pectin Complex, Hibiscus Flower, Guar Gum Powder, Licorice Root Powder, Alfalfa Whole Plant, Black Walnut Hulls, Buchu Leaf, Burdock Root, Cape Aloe Powder, Cayenne Fruit, Chickweed Leaf, Cinnamon Bark, Clove Seeds, Cornsilk, Dandelion Root, Echinacea Root, Fenugreek Seed, Garlic Bulb, Ginger Root, Marshmallow Root, Papaya Fruit, Peppermint Leaf, Pumpkin Seed, Red Raspberry Leaf, Rhubarb Root, Slippery Elm Bark, Yucca Root).

Other ingredients: Fructose, Maltodextrin, Fructo-Oligosaccharide, Natural Orange Flavour, Banana Flavour.

FEATURES & BENEFITS

- High soluble and insoluble fibre content promotes satiety and provides additional support for sugar and cholesterol regulation.
- Helps in clearing potential pathogens and support gastrointestinal mobility to enhance the elimination of waste.
- Contains psyllium husk, a good combination of soluble fibre and insoluble fibre, which helps in providing relief for constipation.

RECOMMENDED USE

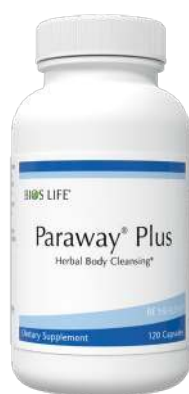

Add 1 level scoop to 240 – 300ml water.

Mix thoroughly and consume immediately.

CONTENTS

45 Servings x 10 g Per Container.

UNICITY Paraway Plus

Paraway Plus

Boost digestive health by enhancing your digestive processes with Paraway Plus, a unique and comprehensive herbal formula which regulates bacteria in the gut.

The herbal blend helps support a healthy microbiome by removing toxins, waste and unwanted organisms from the digestive tract, as well as providing relief for common intestinal issues such as infections, cramping, and flatulence.

SUPPLEMENT FACTS

Serving Size: 5 Capsules
Servings Per Container: 24

Proprietary Blend

2588 mg

(Fructus Juglans Nigra Hull (Walnut) Powder, Semen Cucurbita Pepo, Radix Polygonum Multiflorum, Flos Syzgium Aromaticum, Bulbus Allium Sativum, Folium Salvia Officinalis, Radix Gentiana Lutea, Folium Hyssopus Officinalis, Semen Trigonella Foenum-graecum, Flos Matricaria Recutita, Fructus Piper Nigrum, Folium Mentha Piperita, Folium Thymus Vulgaris, Semen Foeniculum Vulgare, Sodium Copper Chlorophyllin.), Hydroxypropyl Methyl Cellulose, Microcrystalline Cellulose, Silicon Dioxide, Magnesium Stearate.

Contains: Black Walnut

FEATURES & BENEFITS

- Supports the elimination of harmful parasites and pathogens with herbs such as black walnut, pumpkin seed and clove.
- Peppermint soothes the digestive tract, helping to relieve intestinal cramping and flatulence.

RECOMMENDED USE

Consume 2 capsules with a glass of water (first 10 days).

Consume 5 capsules with a glass of water (next 20 days).

Do not exceed 5 capsules a day.
Not for long term use.

CONTENTS

120 Capsules per Container.

WEIGHT LOSS MEAL REPLACEMENT

Counting calories, calculating protein intake and ensuring adequate nutrients in your diet... Let Lean Complete do the work for you!

Formulated with Unicity's complex blend of protein sources, essential vitamins and minerals, stay full and energised without worrying about your nutritional needs or breaking your weight-loss diet. Individually packed for your convenience, Lean Complete comes in a delectable Vanilla flavor, perfect as a substitute for any meal.

Directions For Use

Take 1 packet with 240 ml of water or milk. Mix well and enjoy. Can be taken once daily to replace a light meal.

How Does LEAN COMPLETE Benefit You

High fiber content promotes satiety, making you feel full a longer period of time

Regulates post-meal glucose level with a high-protein, low sugar formula

Provides daily nutritional insurance with variety of vitamins and minerals

UNIMATE FUEL

Unimate Fuel combines a potent yerba mate extract with MCT-rich fats from coconut oil to provide an energy boost for both body and mind.

With chlorogenic acids from yerba mate and delicious Salted Caramel option, Unimate Fuel is a great way to start your day or fend off cravings and re-energise between meals.

Features

- High-quality yerba mate, purified and concentrated to enhance efficacy, containing naturally occurring
 - Chlorogenic Acids
 - Theobromine
 - Mate saponins
 - Antioxidants
 - Caffeine
- Appropriate for a ketogenic / low carbohydrate diet
- Convenient single-serving sachets

Benefits

Promotes a feeling of fullness / satiety

Supports weight management efforts in conjunction with diet and exercise

Supports compliance with intermittent fasting or 4-4-12 eating pattern

Supports overall metabolic health

Directions For Use

Mix one packet of Unimate Fuel with 300-350ml of hot or cold water.

Use once or twice per day to support energy levels and aid in satiety.

OMEGA LIFE-3 RESOLV

THE FISH OIL SUPPLEMENT OPTIMISED FOR RESOLVIN PRODUCTION

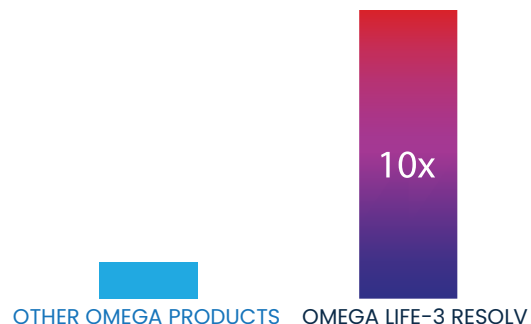

Support your lifestyle with Unicity's newly-formulated Omega Life-3 Resolv, packed with 1000mg of EPA and 500mg of DHA for optimal resolvins production.

A molecular powerhouse, resolvins help maintain healthy inflammation levels in your body, boosting immunity & metabolic health.

WHAT ARE RESOLVINS?

Resolvins converted from EPA and DHA play an active part in the body's anti-inflammatory response, promoting restoration of normal cellular function

RESOLVIN PRODUCTION

Directions For Use

Take 4 softgels daily with water.
For best results, consume with food.

How Does OMEGA LIFE-3 RESOLV Benefit You

Contains essential Omega-3 fatty acids EPA & DHA to aid resolvins production

Enhanced formula helps in regulating triglycerides in circulation, supporting cardiovascular health.

Strengthens genes with patented genomeceutical technology

HAWAIIAN NONI

HEALTHY MICROBIOME SUPPORT FOR A HEALTHY DIGESTIVE SYSTEM

Boost microbiome with prebiotic support for a healthy digestive system with Unicity's Hawaiian Noni. Containing the purest form of noni available, our unique blend is made of pure dehydrated fruit and unadulterated by water or seed pulp.

The result is a prebiotic rich in fructooligosaccharides (FOS), which helps encourage growth of healthy bacteria essential in boosting the body's microbiome and maintaining metabolic health.

Directions For Use

Combine 1 packet with 150–200ml of water. Mix or shake well, to ensure fructooligosaccharides have completely dissolved in water.

How Does HAWAIIAN NONI Benefit You

Contains noni which boosts digestive health, supporting the immune and respiratory system

Fructooligosaccharides encourages growth of good bacteria in the gut to support a healthy microbiome

Thiamin (B1) supports the metabolism of carbohydrates into energy for the body

PROBIONIC PLUS

Diversity in the microbiome helps improve digestive health, promoting good digestion and supporting body functions such as the immune system.

ProBionic Plus contains eleven probiotic strains that help the body restore the balance of healthy bacteria in your gut. The upgraded probiotic blend features seven new strains of beneficial bacteria for wider microbial diversity.

These probiotic strains are microencapsulated to ensure their survival through to your digestive tract for maximum effect on the body's digestive function.

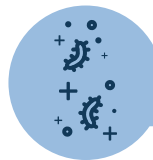

Directions For Use

Take one packet daily.

May be consumed on its own, with water, or with other liquids.

How Does ProBionic PLUS Benefit You

11 probiotic strains

Delicious berry flavor

Supports gut health

Portable

Unique microencapsulation technology ensures probiotic strains are delivered to the digestive system alive & undisturbed

Contains a blend of probiotics with prebiotics to encourage beneficial bacterial growth, supporting digestive functions such as detoxifying and vitamin production

CoQ10

As we age, our cells require more care and attention: it's critical to support cellular reproduction and cellular energy. Coenzyme Q10, known as CoQ10, is an essential vitamin that the body naturally produces. CoQ10 helps the body produce energy from food. CoQ10 also serves as a natural antioxidant, supports cell health and supports the cardiovascular, immune, and nervous systems.

Supplementing CoQ10 production with a high-quality source of CoQ10 helps ensure that the body has the energy and support it needs to function optimally. Unicity CoQ10 uses ubiquinol, which is the most bioavailable form of CoQ10. Unicity CoQ10 is formulated to support healthy aging and cellular health, and it aids in balancing CoQ10 levels.

Directions For Use

Take two softgels each day with or without food.

FEATURES

- The most bioavailable form of CoQ10 (Ubiquinol)
- No fillers or artificial ingredients
- Softgel capsule
- 30-day supply

BENEFITS

Supports a healthy cardiovascular system

Promotes cellular energy production

Serves as a potent antioxidant

Supports a healthy nervous system

Helps maintain a healthy immune system

BIO-C

Vitamin C supports healthy bones, muscles, blood vessels, and more. The body does not naturally produce vitamin C, so vitamin C must be obtained through diet or supplementation. And while fruits and vegetables may seem like the best vitamin C sources, they don't always contain the right amounts or forms.

Bio-C is a vitamin C complex that combines concentrated antioxidants with citrus bioflavonoids, which promote prolonged vitamin C absorption in the body. Bio-C contains vitamin C derived from three sources - ascorbic acid, calcium carbonate and acerola fruits extract. The three vitamin C forms combine to create a high-potency vitamin C source. The high-potency vitamin C supports many bodily functions, including heart, eye, skin, and immune functions.

Directions For Use

Adult use. Take one tablet, two times daily with water.

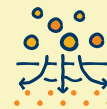

Features

- Three source of vitamin C.
- Citrus bioflavonoids
- Vegan and vegetarian formula
- Easy-to-take veggie tablets.

Benefits

Supports collagen production

Supports vitamin C absorption

Supports the immune system, bones, muscles, and blood vessels

IMMUNIZEN

To meet life's daily demands, the immune system needs to be at its best. The immune system is the body's defender—it helps recognize and neutralize threatening intruders. Without a healthy immune system, the body is vulnerable to outside invaders, which can disrupt your life.

Immunizen contains a proprietary blend of ingredients that supports the body's natural immune functions. Immunizen features bovine colostrum, which provides key immunoglobulins, protein compounds, and enzymes that can support the body's immune system. Additionally, this unique formula provides yeast beta-glucans and lactoferrin. With its premium blend of ingredients, immunizen can help support the body's ultimate defender: the immune system.

Directions For Use

Adults: Take 3–6 capsules daily, or as directed by your health care practitioner. To reduce the risk of upper respiratory infections: Take 6 capsules daily, or as directed by your health care practitioner. Consult a health care practitioner for use beyond eight weeks.

Features

- Unicity's premiere immune support product.
- Proprietary blend of immune-supporting ingredients.
- Formulated for year-round immune support.

Benefits

Helps to support immune function.

Helps to reduce the risk of upper respiratory tract infections.

Helps to reduce occurrence of symptoms associated with upper respiratory tract infection (e.g. colds) following periods of prolonged physical activity.

CHLOROSPIRULINA 2.0

Everyone wants to live and feel well, especially as we get older. A lot of our overall health comes down to what we eat, but getting the right balance of highly nutritious foods is very difficult. Adopting an all-natural, whole-foods diet is not feasible for most of us, but there are other ways to ensure we're getting the essential nutrients we need to support our health and wellness.

Unicity's Chlorospirulina 2.0 contains one of nature's most nutrient-dense foods: Spirulina. The microorganisms in this algae turn sunlight, water, and inorganic minerals into a bioavailable superfood that provides protein, polyunsaturated fatty acids, vitamins, minerals, and the phytochemicals chlorophyll and zeaxanthin that help support all systems of the body, including the brain. Chlorophyll and zeaxanthin provide concentrated antioxidants known as phytonutrients. Spirulina is considered a whole food that naturally contains all nine essential amino acids, is rich in micronutrients and macronutrients, and it's vegan friendly.

Directions For Use

Take two capsules up to three times daily.

Features

- Made with high-quality spirulina.
- Contains B-vitamins.
- Contains all essential amino acids.
- Easy-to-swallow veggie capsules.
- Vegan

Benefits

Naturally-occurring trace minerals, antioxidants, and phytonutrients

Easy to digest and highly absorbable

Supports nutrient metabolism and the body's production of energy

Provides beta-carotene and other nutrients, which support all systems in the body, including the brain

VISION ESSENTIALS PLUS

The eyes are our windows to the world—they enable us to observe, experience, and appreciate our surroundings. Our daily habits, from spending time outside to endless hours of screen time, can put our eyes under a lot of strain.

Fortunately, our eyes have natural defense mechanisms, such as macular pigments, that help combat environmental elements like UV exposure, pollution, and blue light from technology. It's important to support these natural defense mechanisms with the right nutrition. However, it is difficult to give our eyes the support they need by relying on diet alone. Adults spend an average of seven hours a day looking at a screen—with some getting 11 or more hours of screen time per day. This reality can negatively affect overall eye health—specifically the macula, the part of the eye responsible for detailed central and color vision. Our modern lifestyle makes proper eye support more important than it's ever been.

Unicity Vision Essentials Plus is formulated to help support the eyes' natural defense mechanisms with a proven blend of potent antioxidants—bilberry, vitamin A, C, and E—and carotenoids—lutein, zeaxanthin, and astaxanthin. Together, this unique blend promotes the body's natural ability to support macular pigment optical density (which acts as an optical filter against blue light), helps reduce eye fatigue, and supports overall vision health.

Directions For Use

Take two softgels once per day. Do not take more than recommended.

Ingredients

Lutein and Zeaxanthin: Sourced from marigold flowers, lutein and zeaxanthin are both carotenoids that provide antioxidant support in the eye. These macular pigments are best known for supporting macular health, but they can also help minimize the effects of blue light on the eye.

Astaxanthin: Derived from microalgae called *haematococcus pluvialis*, astaxanthin is a carotenoid like lutein and zeaxanthin, which promotes antioxidant activity. Astaxanthin may also help prevent eye fatigue.

Bilberry Extract: Known for its antioxidant properties, bilberry extract contains anthocyanosides, plant derived compounds that may support eye health by maintaining optimal ocular blood flow.

Vitamin A: Also known as retinol, vitamin A is an active form of beta-carotene that has been shown to support macular health as we age.

Vitamin C and E: Vitamin C and E are powerful dietary antioxidants, which support overall eye health.

FEATURES

- Efficacious amounts of carotenoids—lutein, zeaxanthin, and astaxanthin.
- Antioxidant-rich blend of vitamins A, C, E, and bilberry extract.
- 30-day supply of softgel capsules.

BENEFITS

Helps maintain the body's macular pigment optical density, which acts as an optical filter against blue light

Vitamins A, C, E and bilberry compounds help promote antioxidant activity that can help reduce eye fatigue and maintain eye integrity.

Zeaxanthin, lutein, and astaxanthin can help support contrast sensitivity and visual acuity.

JOINT MOBILITY

Joints are what allow us to move freely and do things we enjoy. Because we use our joints so much, they undergo a lot of wear-and-tear throughout our lives. And as we get older, our bodies don't produce as much collagen, which we need to keep our joints strong and functional. Excess weight, poor diet and poor hydration, and physical activity can affect our ability to move freely.

Giving our joints the support they need is more than a simple healthy habit. It's an important and underrated way to maximize our quality of life and ensure we have the mobility to keep doing the things we love.

Unicity's Joint Mobility contains a powerful blend of ingredients—undenatured collagen type II (UCII), vitamin D3, turmeric, and boswellia extract—formulated to support joint health. UCII promotes normal, healthy strength and elasticity of cartilage. Turmeric and boswellia extract support normal healthy joint function. These ingredients work together to keep your joints healthy and strong so you can keep moving.

Directions For Use

Take two capsules daily with water.

Pro Tip: Joint Mobility can be taken at any time, but we recommend taking it with your evening meal. Taking it with food helps the body absorb nutrients better, plus your body will maximize the benefits while you sleep.

Ingredients

Undenatured Type II Collagen UCII: This type of collagen helps keep the cartilage strong and healthy. UCII is known as an effective joint-supporting compound.

Boswellia Extract: Taken from frankincense trees, boswellia extract has been used traditionally for thousands of years to help with joint support and overall health and wellness.

Turmeric Extract: Turmeric has been used for centuries for its joint-supporting benefits. Curcumin, a compound carried in turmeric, has strong antioxidant properties.

Vitamin D3: Enhances the body's calcium and magnesium absorption.

FEATURES

- Small, easy-to take capsules.
- Formulated to support joint health and mobility.
- Support for the 300+ joints in the body

BENEFITS

Promotes normal healthy joint function, mobility, and strength.

Promotes normal healthy strength and elasticity in the cartilage.

Helps support the body's production of joint collagen.

OASIS

Skin is the body's barrier that faces the world each day. Today, stress, pollution, poor nutrition, little sleep, and dehydration are hyper-prevalent factors that can damage skin and cause premature aging. When skin is compromised, like most organs, it cannot properly perform its various functions. Amidst exposure to these damaging stressors, skin needs its own oasis—a welcome respite amidst an otherwise unforgiving environment.

Introducing Unicity Oasis—a refreshing, berry-flavored beverage formulated with hyaluronic acid, potent antioxidants, and marine collagen. The drink is designed to hydrate thirsty skin and help protect it from external aggressors—and it does all this from the inside out. Because just as beauty comes from within, so does optimal skin health.

Restore, protect, and maintain beautiful, healthy skin with Unicity Oasis.

Ingredients

Hyaluronic Acid is a substance naturally occurring in the body that holds around 1000 times its weight in water. Naturally found in skin, connective tissue, and eyes, hyaluronic acid (HA) keeps tissues lubricated and moisturized. HA also aids in collagen production.

Vitamin C (Ascorbic Acid) is a potent antioxidant that assists in natural skin regeneration and supports collagen synthesis. Vitamin C has been shown to help minimize melanin production (in vitro), which can lead to skin discoloration. Additionally, vitamin C positively impacts skin texture as well as hydration levels.

Marine Collagen is a hypoallergenic protein with a low-molecular weight for easy digestion and absorption. This protein is rich in proline and alanine-amino acids that are essential building blocks for collagen in the skin. Marine collagen is sustainably sourced from post-food-production fish skin.

Directions For Use

Take one sachet (7.2g) with 8-10 oz (250-300 ml) of water once daily.

FEATURES

- Includes a good source of Hyaluronic Acid and Marine Collagen.
- An excellent source of Vitamin C.
- On-the-go sachets.
- Easy preparation.
- Delicious berry flavor.

BENEFITS

Promotes the appearance of smoother skin and improves texture.

Helps minimize the impact of free radical exposure and reduces oxidative stress.

Reduces the appearance of fine lines and wrinkles.

Helps achieve and maintain skin hydration, elasticity, and moisture.

BIOREISHI COFFEE

We all need an energy boost to get us through our busiest days: the early mornings, the late nights, and everything in between. But we also want to be mindful of our health and bodies at the same time.

Bio Reishi Coffee is an innovative instant coffee mix that can provide you with the drive you need to get through your day. Utilizing premium coffee beans and a reishi mushroom extract, BioReishi Coffee provides naturally occurring caffeine and chlorogenic acids.

For your convenience, BioReishi is pre-sweetened so you don't have to worry about going overboard with adding extras! BioReishi Coffee is truly a great choice for an on-the-go, delicious coffee option.

Directions For Use

Stir the contents of 1 packet into 110ml (2/3 cup) of hot water and stir well.

Key Ingredients

Coffee
contains
caffeine
acids.

Powder: Coffee
naturally occurring
and chlorogenic

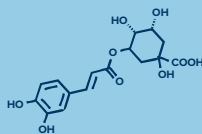

Reishi Mushroom Extract: For thousands of years, reishi mushrooms were used by chinese royalty for their various health benefits. Reishi mushrooms contain chlorogenic acids.

FEATURES

- Convenient single-serving sachets.
- Pre-sweetened for on-the-go refreshment.
- Delicious premium coffee.

BENEFITS

Contains naturally occurring chlorogenic acids from premium coffee and reishi mushroom extract.

Contains naturally occurring caffeine.

DAILY PRODUCE 24

Achieve nutritional supplementation with Daily Produce 24, aimed to supplement your diet with phytonutrients and antioxidants missing from your daily diet. Formulated from natural extracts of 12 whole fruits and 12 vegetables that are high in nutrient activity, these ingredients are carefully harvested and processed to preserve naturally-occurring enzymes and micronutrients.

Directions For Use

Take 2 capsules of Vegetable Infusion with a full glass of water at mealtime.

Take 2 capsules of Fruit Infusion with a full glass of water at mealtime.

How Does Daily Produce 24 Benefit You

Features whole food extracts that retain natural deep colour, indicating high levels of nutrient

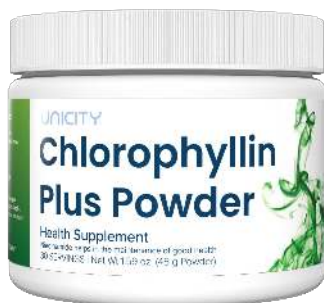

Packed in plant-based capsules without animal products

CHLOROPHYLLIN PLUS POWDER

Unicity Chlorophyllin Plus Powder is a drink mix that is designed to support multiple body systems. Formulated with high-quality plant phytonutrients such as sodium copper chlorophyllin (sec) – a more stable and efficient form of chlorophyll for absorption in the body, and spirulina, Chlorophyllin Plus Powder provides high quality antioxidants support for the body.

With a pleasantly subtle flavour, Chlorophyllin Plus Powder can be added to your favourite drinks to help you stay hydrated while giving you the antioxidant support you need to be at your best during various life challenges.

Directions For Use

Mix one measuring spoon (1.5g powder) of chlorophyllin Plus Powder with 200 mL of water. Stir well before consuming. Take once a day before or after meal.

How Does Chlorophyllin PLUS Powder Benefit You

Supports antioxidant activity in the body.

Contains niacin, an essential B vitamin.

Supports normal energy production in the body.

Contains resistant maltodextrin.

U BASICS

Bring out your inner beauty with Unicity's personal care line, engineered with botanical extracts and cutting-edge science to give your body the care it deserves, from head to toe. Consisting of a versatile range of products for your hair, body and oral hygiene, re-think how you can pamper yourself with ingredients such as centella asiatica, hyaluronic complex, green tea, and tea tree oil for a healthy, youthful glow.

Unicity Toothpaste

Maintain fresh breath and a bright smile with Unicity's gentle, carrageenan-free formula which keeps dental plaque and calculus deposits at bay.

Daily Suncare

Shield your skin from harsh and harmful UVA and UVB rays with a light, smooth-finish SPF50 broad spectrum sunscreen. Rated PA+++, use on its own or as a makeup base.

Green Tea Bar Soap Fight against visible signs of aging with antioxidant rich catechins from green tea, a hypoallergenic cleanser which helps heal, protect and moisturise for radiant and supple skin.
