TACC IIIA

TACC IIIA

The TACC IIIa is our second generation TACC III, which offers several new features, including a larger 7-inch console, iButton key, and updated power supply. The integrated console allows managers and cashiers to quickly record deposits and make change while keeping an accurate count on each day's transactions.

Customizable reports allow for detailed tracking of cash amounts vended, drops, cash in the system, and more. The TACC IIIa enables retail organizations to realize greater cash security, streamlined reporting, and more efficient closeouts.

Benefits

Reliable   User-friendly   Reduce costs   Store safely   Modular Sesami Enterprise Software

Sesami Enterprise Software Platform (SES)

Sesami Enterprise Software Platform (SES) for deposit devices with endless capabilities to embrace the future.

Hyperconnectivity
Connects with several cloud environments, including third-party systems, in real time with encrypted communication Protocol and open VPN by default. Connected, secure and efficient.

Omnipresent Access
Manage upgrades and users for any component of the device without physically needing to be on site, reducing unnecessary visits. Increase productivity by accessing real-time data, and predictive maintenance and performance analysis, giving you flexible and intelligent control of your cash deposit devices.

Endless Adaptability
Designed to be flexible and modular, the Sesami Enterprise Software Platform adapts rapidly and efficiently with robust, long-term reliability, to your operations and individual needs.

Designed on a building block architecture with multiple configurations proven in the field.

Flexible workflow
Allows for multiple business models and licensing options. Live custom fields and configurable workflows are just some of the features of the Sesami Enterprise Software Platform, which adapt to your business goals.

Advanced Reporting
Track everything with our live tailored reports, including advanced reconciliation reports for deposit collection and end of day and advanced cash monitoring. Designed to give you total control of your business.

Choose from the full range of software modules, including modules for your finances and for your service operations.
