SESAMI

Sallén R3

Keep your cash flowing

The R3 is a full recycling solution with one of the smallest footprints on the market. This makes it ideal for small retail areas, such as stores with 1-6 cashiers, hotels or petrol stations.

This versatile cash recycling solution can be used for operations such as float dispensing, multi-currency deposit, money exchange and cash replenishment.

And with optional Sesami Enterprise Software Platform (SES), you have online reporting and monitoring tools for real-time cash level tracking and full accountability of all cash going in and out.
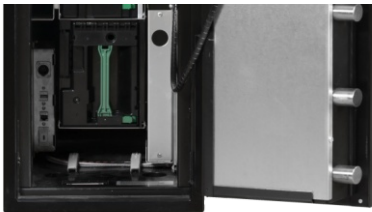

Sallén R3

Model Specifications

Notes

Counting speed	3 notes/second
Note bundle	Deposit: up to 50 notes Dispense: up to 20 notes
