Tidel S4 + C2000 Coin Recycler

Tidel S4e + C2000 Coin Recycler

When paired with a Tidel S4e smart safe, the Tidel C2000 coin recycler offers high speed automated coin recycling for transaction-heavy cash businesses.

Capable of processing up to 500 coins per minute while supporting 4 coin denominations, the Tidel C2000 offers the performance required to automate a high volume, transaction-heavy cash room environment, while enabling greater accuracy and accountability for all cash transactions.

The combined solution of a Tidel S4e + C2000 provides retailers with a turnkey note deposit and coin recycling solution that offers the performance needed to automate cash transactions at scale. Completely network capable, the Tidel C2000 is controlled and managed by the Tidel S4e software interface, which offers a convenient way for store personnel to conduct their cash transactions from one, easy to use console.

Benefits

Flexible

Configurable

Modular Sesami Enterprise Software

Sesami Enterprise Software Platform (SES)

Sesami Enterprise Software Platform (SES) for deposit devices with endless capabilities to embrace the future.

Hyperconnectivity
Connects with several cloud environments, including third-party systems, in real time with encrypted communication Protocol and open VPN by default. Connected, secure and efficient.

Omnipresent Access
Manage upgrades and users for any component of the device without physically needing to be on site, reducing unnecessary visits. Increase productivity by accessing real-time data, and predictive maintenance and performance analysis, giving you flexible and intelligent control of your cash deposit devices.

Endless Adaptability
Designed to be flexible and modular, the Sesami Enterprise Software Platform adapts rapidly and efficiently with robust, long-term reliability, to your operations and individual needs.

Designed on a building block architecture with multiple configurations proven in the field.

Flexible workflow
Allows for multiple business models and licensing options. Live custom fields and configurable workflows are just some of the features of the Sesami Enterprise Software Platform, which adapt to your business goals.

Advanced Reporting
Track everything with our live tailored reports, including advanced reconciliation reports for deposit collection and end of day and advanced cash monitoring. Designed to give you total control of your business.

Choose from the full range of software modules, including modules for your finances and for your service operations.
