# Tidel S4 Bulk Coin Dispenser

## Tidel S4 Bulk Coin Dispenser

The Tidel S4e Bulk Coin Dispenser is designed for retail organizations that have a need to dispense coins in high volume, bulk format, using a secure and auditable process.

The Bulk Coin Dispenser can dispense any combination of coins in preset amounts for start-of-shift till preparation with just the touch of a button. The system can also dispense any quantity of coins as needed, or it can break a note into a variety of coins for quick change making.

Dispensing coins and accessing the coin hoppers is completely auditable and managed by individual user PIN.

The Bulk Coin Dispenser supports 6 or 8 coin hoppers, with each hopper capable of dispensing up to 8 coins per second. The coins are dispensed into individual cups for easy handling.

### Benefits

Flexible

Configurable

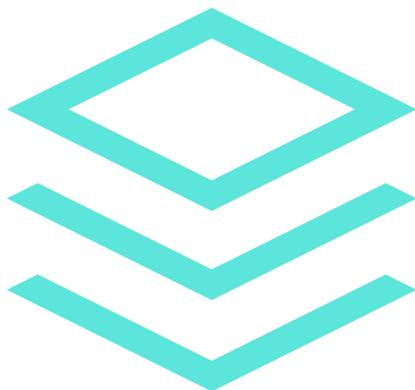

Reduce costs

Store safely

Modular Sesami  
Enterprise  
Software

## Sesami Enterprise Software Platform (SES)

**Sesami Enterprise Software Platform (SES) for deposit devices with endless capabilities to embrace the future.**

### **Hyperconnectivity**

Connects with several cloud environments, including third-party systems, in real time with encrypted communication Protocol and open VPN by default. Connected, secure and efficient.

### **Omnipresent Access**

Manage upgrades and users for any component of the device without physically needing to be on site, reducing unnecessary visits. Increase productivity by accessing real-time data, and predictive maintenance and performance analysis, giving you flexible and intelligent control of your cash deposit devices.

### **Endless Adaptability**

Designed to be flexible and modular, the Sesami Enterprise Software Platform adapts rapidly and efficiently with robust, long-term reliability, to your operations and individual needs.

Designed on a building block architecture with multiple configurations proven in the field.

### **Flexible workflow**

Allows for multiple business models and licensing options. Live custom fields and configurable workflows are just some of the features of the Sesami Enterprise Software Platform, which adapt to your business goals.

### **Advanced Reporting**

Track everything with our live tailored reports, including advanced reconciliation reports for deposit collection and end of day and advanced cash monitoring. Designed to give you total control of your business.

Choose from the full range of software modules, including modules for your finances and for your service operations.
