Tidel S4 Side Vault

Tidel S4 Side Vault

The Tidel S4 Side Vault is an ideal solution for stores that require a proven cash management system accompanied by a large vault for additional storage.

The Tidel S4 Side Vault is generally used for the store's change fund or up to 10 pre-counted till drawers (2.5" each) or other items such as lottery tickets.

The Tidel S4 Side Vault offers three shelves that can be configured to a store's individual needs.

The Tidel S4 Side Vault door can only be opened by preauthorized store personnel via individual user PIN. An audible alarm sounds if a door is left open longer than a programmable time period.

The Tidel S4 Side Vault also provides a manual vault drop below the acceptor door, offering additional storage. This manual vault drop is also accessible via user PIN.

Benefits

Flexible   **Configurable**   **Reduce costs**   **Store safely**   **Modular Sesami Enterprise Software**

Sesami Enterprise Software Platform (SES)

Sesami Enterprise Software Platform (SES) for deposit devices with endless capabilities to embrace the future.

Hyperconnectivity
Connects with several cloud environments, including third-party systems, in real time with encrypted communication Protocol and open VPN by default. Connected, secure and efficient.

Omnipresent Access
Manage upgrades and users for any component of the device without physically needing to be on site, reducing unnecessary visits. Increase productivity by accessing real-time data, and predictive maintenance and performance analysis, giving you flexible and intelligent control of your cash deposit devices.

Endless Adaptability
Designed to be flexible and modular, the Sesami Enterprise Software Platform adapts rapidly and efficiently with robust, long-term reliability, to your operations and individual needs.

Designed on a building block architecture with multiple configurations proven in the field.

Flexible workflow
Allows for multiple business models and licensing options. Live custom fields and configurable workflows are just some of the features of the Sesami Enterprise Software Platform, which adapt to your business goals.

Advanced Reporting
Track everything with our live tailored reports, including advanced reconciliation reports for deposit collection and end of day and advanced cash monitoring. Designed to give you total control of your business.

Choose from the full range of software modules, including modules for your finances and for your service operations.
