

Fujitsu F510 Cash Dispenser

Fujitsu F510

Dual service dispenser.

The Product

As one of the most advanced dispensers on the market, the Fujitsu F510 has the speed, capacity, reliability, and advanced diagnostics

for even the most demanding environments. The F510 can be installed for front and rear service or configured for dual access. This flexibility reduces support costs and minimizes maintenance logistics.

Features

At seven notes per second, the F510 is one of the fastest cash dispensers in the industry. It is expandable by up to six cassettes, with each cassette capable of supporting up to 3,000 new notes for a total capacity of 18,000. It's an ideal solution for high-volume locations.

The multimedia-capable F510 can also dispense postage stamps, coupons, pre-paid phone cards or other specialized media, making it one of the most versatile dispensers in the industry.
