

JOLMA ELECTRIC:

# Sparking a 50% Leap in Efficiency with BuildOps

Before BuildOps, Jolma was up against some tough challenges:

💰 Figuring out job costs was guesswork and often wrong.

📁 Keeping track of job info, like customer notes and photos, was a mess.

📁 Their slow software was dragging down office work.

“We knew we could do better as a business but were being held back by our current system.”

Page Rosenlund, General Manager  
Jolma Electric, LLC

## WHY JOLMA CHOSE BUILDOPS

### Seamless Vista Integration:

BuildOps fit right into Jolma's existing systems, so they didn't have to change how they work.

### Continuous Innovation:

BuildOps keeps getting better, which means Jolma can grow and improve too.

### Adaptable Job Handling:

BuildOps gets the difference between big projects and daily jobs, offering solutions that fit Jolma's diverse needs perfectly.

## BIG CHANGES. REAL RESULTS.

### Less time spent on busy work:

Jolma cut down admin work by 50%, freeing the team up for more critical, value-adding initiatives.

### Happier Customers:

Better workflow meant customer satisfaction jumped up 30-40%, leading to more business.

### Easier Service Agreements:

What used to be a big hassle now runs smoothly, helping Jolma grow their service agreements and see the revenue clearly.

“BuildOps has empowered us to confidently manage more service agreements, with instant visibility into the generated revenue.”

Page Rosenlund, General Manager  
Jolma Electric, LLC

## WHAT CAN BUILDOPS DO FOR YOU?

Like countless other commercial contractors, Jolma sees BuildOps as a key part of their future. Ready to see how we can help you build an enduring business?
