ABOUT

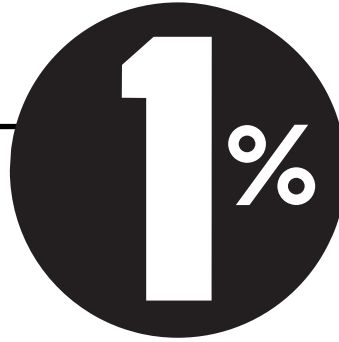

We believe that connecting to nature is a deep human need, even for those of us who live in cities. We love exploring the world around us, and we draw inspiration from all sorts of experiences — most obviously Greenland kayaks and Japanese origami, but many others that live in the details. We're building a business, but our real goal is to change how people connect with the water.

WHY ORU KAYAK

BACKED FOR GOOD

Oru Kayak has officially joined 1% for the Planet, a global organization that connects dollars to doers to address the most pressing issues facing our planet. Now, we've joined them to do our part to give back to a world that has given us so much.

DURABILITY

The hulls of Oru Kayaks are made from a custom polypropylene with a 10 year UV treatment and has been rated for 20,000 folds. We suggest you treat your Oru Kayak like a fiberglass boat. All Oru Kayaks come with a 12 month warranty.

PORTABILITY

Stash it in a trunk. Check it on a plane. Store it behind your couch. Hike it into remote waters. No garage, SUV, or roof racks necessary. Oru Kayaks make kayaking simple, easy, and accessible — so you can spend more time on the water.

PERFORMANCE

All of our kayaks are lightweight and have great handling. Each model is a little different, and has been tested extensively in their respective environments — lakes, rivers, bays, and oceans.

LAKE

MSRP: \$499

OPEN COCKPIT

ABOUT THE LAKE

The Lake is one of the lightest kayaks on the market. All you need to connect to the water, it assembles in under a minute. It's a stable and beginner-friendly boat that's great for all ages. Our smallest, most portable kayak with the same durability as our expedition models fits easily in a backseat, trunk, or even a plane for all your adventures.

PACK IT UP, PACK IT IN

PACK

\$199.00

Now you can really bring your Oru Kayak anywhere! Hike in to remote waters, or check it on a plane to foreign lands. The Oru Pack is made of rugged, heavy-duty nylon with a super comfortable shoulder and hip strap system. It's loaded with smart features to make your Oru Kayak journeys easy and convenient.

FEATURES

- +Padded shoulder straps and hip belt
- +Two handles
- +Extra-long, heavy-duty zipper
- +Exterior mesh pockets
- +Compression straps
- +**Only compatible with Beach LT, Bay ST, and Coast XT**

INLET PACK

\$199.00

A smaller boat means a smaller pack. Take your inlet kayak to more places with dedicated compression straps for extra gear and a super comfortable shoulder and hip strap system, making that remote lake overnighter a reality.

FEATURES

- +Main body is constructed from recycled nylon fabric
- +Airplane friendly padded shoulder straps and hip belt
- +Two handles
- +Zippered pocket for small items
- +Paddle pocket
- +Compression straps for extra gear

NYLON SPRAY SKIRT \$79.00

With adjustable tube and cockpit, this skirt will fit you and your kayak, just the way you like. More affordable than its big brother, the nylon skirt will keep you dry as you paddle through moderate waters. Made in the U.S.A.

FEATURES

- + Custom-designed for the bow and stern compartments of all Kayaks
- + Extendable front valve stem for easy inflation
- + Abrasion and puncture-resistant coated nylon

NEOPRENE SPRAY SKIRT \$149.00

Custom designed to fit perfectly around Oru Kayak cockpits. The skirt is made of neoprene, a material that is comfortable, durable, breathable, and easy to snap on and off. It's a simple way to get a dry ride in any kind of water. Made in the U.S.A.

FEATURES

- + Spray protection for moderate paddling conditions
- + Custom-fit for both the Oru Bay ST and the Coast XT series
- + Velcro adjustable neoprene waistband for secure fit for all sizes
- + Large grab loop for added safety

PFD \$139.00

We never kayak without a PFD and neither should you. The Oru PFD is made by NRS, the industry leader in high-performance kayaking gear. Available in S/M and L/XL. **Only shipped within the U.S.A.**

FEATURES

- + 16.5 lbs of flotation
- + Two large zippered pockets, a lashtab, and 3M reflective accents throughout for low-light visibility
- + The NRS Clearwater carries the U.S. Coast Guard Certification

ORU SHOULDER STRAP \$25.00

Our super popular Inlet kayak already comes with a convenient carrying handle. But, if you prefer the convenience of a shoulder strap, we've got you covered. The Inlet Shoulder Strap frees your hands and comfortably carries your Inlet wherever you go.

FEATURES

- + Built to be durable and weather-resistant
- + Inlet Shoulder Strap makes toting your Inlet or Lake kayak even more convenient.

REPAIR KIT \$15.00

The Oru Kayak skin is extremely durable and puncture-resistant. However, if you do get a leak, our repair kit will keep you afloat. It includes primer sticks, waterproof tape patches and expanding foam sealant that can be injected inside the double-layered skin.

* Only available at orukayak.com

ACCESSORIES

FLOAT BAGS

\$69.00

Our custom-shaped float bags fit securely in the bow and stern compartments to keep your kayak afloat and maneuverable if you capsize or take on water.

FEATURES

- + Custom-designed for the bow and stern compartments of all kayaks
- + Extendable front valve stem for easy inflation
- + Abrasion and puncture-resistant coated nylon

ORU FIBERGLASS PADDLE

\$199.00

For those looking to upgrade their paddling experience, check out the premium Oru Fiberglass paddle. Its asymmetrical blade design provides a high-performance pull through the water and its ultra light weight construction makes it the perfect choice for beginner and experienced paddlers alike.

FEATURES

- + Non-rip 500D PVC material with double-stitched, sealed seams and a reinforced bottom

PADDLE

\$109.00

The Oru Paddle—in bright white to match the kayak—breaks down into four pieces, so it stows easily inside the Oru Kayak in box form.

FEATURES

- + Reinforced fiberglass shaft
- + ABS plastic blades
- + Marine-grade stainless steel buttons
- + Adjustable length and blade pitch
- + Weight: 2.75 lbs
- + Adjustable length: 220-230 cm

CARBON PADDLE

\$299.00

One-third lighter than our base level paddle, Oru's carbon paddle reduces fatigue and allows you to travel for longer distances.

FEATURES

- + Carbon fiber shaft and blades
- + Breaks-down into 4 parts
- + Adjustable length and blade pitch
- + Padded carrying case
- + Weight: 1.8 lbs
- + Adjustable length: 220-230 cm

ORU FLOAT BAGS FOR LAKE \$69.00

Paddle with confidence in open water! While Oru Kayak models are naturally buoyant and won't sink even when submerged, float bags keep you afloat and maneuverable if you capsize or take on water. Our custom-shaped float bags hook securely in the bow and stern, and include flexible valve stems for easy inflation.

FE AT URES

- Extendable front valve stem for easy inflation.
- Abrasion and puncture-resistant coated nylon.

ORU GEL SEAT \$149.00

Small wedge, big comfort. Designed to fit perfectly under the existing seat. It is wedge-shaped to lift your legs and add some padding under your sit bones. GELSEAT \$69.00

FE AT URES

- +Spray protection for moderate paddling conditions
- +Custom-fit for both the Oru Bay ST and the Coast XT series
- +Velcro adjustable neoprene waistband for secure fit for all sizes
- +Large grab loop for added safety

GELSEAT \$29.00

Small wedge, big comfort. Designed to fit perfectly under the existing seat. It is wedge-shaped to lift your legs and add some padding under your sit bones.

FE AT URES

- +Non-rip 500D PVC material with double-stitched, sealed seams and a reinforced bottom
