

Pursuant to Oklahoma Statutes 36-6701, workplace safety and accident prevention services are available to you. These services include, but are not limited to, workplace surveys, recommendations, training programs, consultation, analyses of accident causes, industrial hygiene, and industrial health services.

These services are offered to policyholders who request them or based on our determination of policyholder's individual operational and risk requirements.

For questions, or to request such services, contact us:
