DP-101A

THE MULTIFUNCTIONAL DISPLAY

The 10.1" DP-101A is a compact, stylish and modern POS monitor. Its light weight and aluminum alloy housing is ideal for a variety of installation environments. It fits perfectly in many business areas such as retail, hospitality and many more. The monitor can be used as a customer display, with or without touch, as operator display as well as for digital signage purposes. Customer information or advertising become a more and more increasing demand in many business cases. The DP-101A can be attached as a 2nd monitor on many of our POS terminals or as a stand-alone version through the optional stand or long pole options. Here the monitor is adjustable in height and can be fixed easily in required position by the individual operator. With the VESA mounting compability the installation options of the DP-101A are endless.
