Journey Beyond the Expected with Jazz Odyssey

Discover Emerging Talent and Experience the Evolution of Jazz in Unique Spaces

Denver, CO – KUVO JAZZ proudly announces the latest season of the Jazz Odyssey Presents live music series! This season offers a passport to the future of jazz, featuring visionary new artists at some of Denver's most distinctive and intimate venues. Jazz Odyssey aims to amplify emerging talent and strengthen the community by enriching their perception and appreciation of jazz and alternative jazz music.

We invite listeners to become sonic explorers on a curated journey that bridges music, community, and culture. Jazz Odyssey celebrates innovators who push boundaries and redefine the possibilities within alternative jazz and jazz adjacent music. By showcasing rising local artists, we aim to inspire both new and seasoned listeners, creating a meaningful dialogue between modern interpretations and the classic foundations that shape them. This initiative is designed to cultivate a vibrant, connected community around the alternative jazz scene and welcome more people into the growing KUVO JAZZ family.

In partnership with Colorado businesses, Jazz Odyssey also highlights unique venues that provide a space for musical innovation. Each performance offers an immersive experience, allowing audiences to connect not only with the music but also with the places that support artistic risk-taking and original voices.

Jazz Odyssey Presents is supported by Denver Arts & Venues through the Arts & Culture Fund. Together, we are committed to strengthening the role of arts and culture in building healthy, inclusive communities. We believe that the arts can help a city and its community heal, recover, and thrive.

Jazz Odyssey is committed to helping artists enhance their craft and promote their music widely through KUVO 89.3 FM, our website at kuvo.org, our Jazz Odyssey newsletter, and live events. We invite you to join us in exploring new music as we celebrate the vibrant future of jazz. Your musical journey awaits.
