CLEANSING DRY WIPES

40 years of uncompromised dry  
wipe quality, trusted by the  
professionals.

**Conti® has been developing and manufacturing personal hygiene solutions for use in professional care for over 40 years and it all started with a range of dry wipes. Fast forward to today, Conti® is the industry leading dry wipe brand and we're proud to be supporting healthcare practices all over the world.**

### Our core brand values

#### Commitment

40 years' experience in developing and manufacturing hygiene solutions for the professional care sector with products that support personalised care planning, whilst delivering best practice.

#### Compassion

Providing choice for assisted bathing and continence care whilst empowering those seeking self-care solutions.

#### Collaboration

Developed alongside experts, our tried and tested range delivers evidence-based, kind-to-skin care.

#### Control

Reducing the risk of infection through best practice in personal hygiene remains our number one focus.

Developed to meet the highest standards of quality and convenience, these wipes offer exceptional softness, absorbency, and strength. Perfect for a wide range of applications, Conti® Dry Wipes are trusted by professionals worldwide. With flushable and macerator options available, Conti® Dry Wipes ensure seamless waste disposal, making them a reliable choice for healthcare and personal care settings.

#### Highly Absorbent

Ensuring the skin is left dry, without the need for vigorous rubbing and wiping – Ideal for continence care and moisture management.

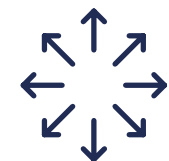

#### Reducing Environmental Impact

Adopting Conti's cellulose-based washcloth, in place of synthetics, can reduce carbon footprint by up to 83%, supporting Net Zero targets.

#### Proven To Reduce Usage

The size and quality of Conti® Cleansing Dry Wipes support a reduction in usage and overall cost.

#### Multipurpose Cleansing

Suitable to use standalone or as part of a 'two-step' cleansing process, Conti® Dry Wipes lather well with cleansers and soaps, remaining durable when wet.
